Natural breeding

The stud fee is \$1000 OR the pick of the litter, at the stud owner's option. We attempt to get 3 ties per breeding but that is not a guarantee of this contract. A non-refundable deposit of \$300 will be paid at the time of the breeding. This will apply to the final stud fee.

If the bitch does not conceive on the first service, one additional service will be provided during the bitch's next cycle, at the bitch owner's option. In such event, the deposit will be waived.

TERMS AND CONDITIONS OF SERVICE

The bitch owner is responsible for transportation to and from the place of breeding.

The stud owner will NOT be liable for injuries that may be sustained by the bitch during the breeding process or while on the stud owner's property.

The bitch owner agrees to perform and pay for any necessary progesterone and/or LH testing on the bitch to determine the proper breeding window. The bitch owner will be responsible for any and all medical expenses, including those pertaining to hormone testing and veterinary fees. If a natural breeding cannot be accomplished, and the bitch owner desires to proceed with an AI breeding, the bitch owner agrees to provide a credit card number to the collecting veterinarian to cover all AI costs, and to pay any travel fees incurred to transport the bitch to the AI facility.

The bitch owner agrees to have a backup stud dog available in the event that Twitch is unavailable during the breeding window.

The remainder of the stud fee is due within two (2) weeks after the whelping of a litter of at least three live puppies. If fewer than three live puppies are whelped, the stud fee will be adjusted accordingly - for one live puppy, no more is due and for 2 live puppies \$350 will be due. The stud owner will sign the litter registration after receipt of full payment.

The bitch owner agrees that no puppy produced as a result of this breeding will knowingly be sold to a pet shop, agent, broker or to anyone who breeds mixed breeds, including dilute labs.

The stud owner is not obligated to sign an application for litter registration with the AKC or UKC, nor may such application be made, unless and until all applicable terms and conditions of this agreement have been complied with in full.

If the bitch's owner(s) fails to fulfill the conditions of this agreement, the bitch's owner(s) will be responsible for all reasonable attorney's fees, costs and/or expenses incurred by the stud owner to ensure compliance with the agreement.
